

# G-Control ECOMBI SSH Radiator

## Quick User Guide

### ⚠ 1. SAFETY FIRST

- Keep **25 cm** away from flammable objects.
- Never **cover** or use heater to dry clothes.
- Supervise **children** at all times.
- Press **+** and **-** simultaneously until  appears to lock screen. Do the same to unlock the screen.
- Turn off at the **main wall switch** before cleaning or servicing.

### 2. TURNING ON/OFF

1. Use **power switch** hidden on **back right side** of radiator.
2. **Do not turn off main wall switch** unless cleaning or servicing.
3. Press any button to **wake screen**.
4. Backlight **turns off automatically**.

### 3. SETTING TIME

1. Press any button.
  2. Hold  until 'Func' flashes.
  3. Use **+** to scroll to clock icon and press **OK**.
- Set **Hour > Minute** using **+/-** and **OK**.
- Then set today's weekday (**1 = Mon, 2 = Tues, 3 = Wed, etc.**)

### 4. SET TEMPERATURES

#### Defaults:

-  Comfort = 21 °C
-  Economy = 18 °C
-  Frost = 3 °C

#### To change:

Hold  until 'Func' flashes and adjust each using **+/-**, confirm with **OK**.

### 5. SET MODE

From **Func** menu, choose between:

- **Program 'PRG'** – normal use on Economy 7
- **Frost** – when you are going away
- **Manual** – if on standard tariff

Press **OK** to confirm.

### 6. SET PROGRAM (Daily Heating Schedule)

Each **hour** can be set to:

-  **2 bars** = Comfort
-  **1 bar** = Economy
-  **0 bars** = Frost

Hold **OK** until 'CP12' shows to copy to Tuesday. Hold **OK** again until 'CP23' shows to copy to Wednesday, etc.

### 7. SET CHARGE TIMES (Off-Peak)

Default on Economy 7: 00:00-07:00.

From **Func**, find 'PArA'.

Set:

- UP02: Start time of off-peak tariff
- UP03: End time of off-peak tariff (optional)
- UP04/UP05: Second period (optional)

### RESET TO FACTORY

Hold **OK** and  until 'SrES' shows and confirm with **OK**.

### COMMON ISSUES

- **No heat?** Check power, mode and airflow.
- **Not warm enough?** Check target temp and UP08 – balancing element should be on.

### CLEANING

Turn **off power** fully. Wipe with **dry soft cloth** only. No water or cleaning sprays.
